With up to £25,000 to be won and regular free prize draws, tickets are just £1 a week and 50p from every £1 ticket your players buy will be returned to you.

Fundraising made easy

Lotteries are a fantastic way to raise funds, but we recognise that starting a lottery can be a costly and time-consuming project that involves a wide range of resources, legalities and set-up costs.

One Lottery is a risk-free solution, with all the costs of launching your lottery included. The best news is that One Lottery is absolutely free*, giving you the freedom to concentrate on promoting, recruiting players and launching your lottery.

How it works

- 1 You get your own lottery! - We'll run a weekly lottery on your behalf, with a draw every Saturday evening.
- 2 Tickets cost £1 per week
- 3 Raise money! - 50% of all ticket sales go straight to you (more than any major lottery)
- 4 £25,000 weekly jackpot prize

50p for your cause

6p for prizes

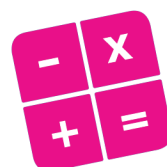

24p to charity partner

20p for administration & VAT

*Administration includes transaction costs, hosting, insurance, booking fees etc.

- 5 Supporters can pay a number of ways:
 - Monthly recurring: Direct Debit/payment card
 - One-off payment for 3/6/12 months of tickets (payment card only)
- 6 Winners will be notified by email each week
- 7 Winners can choose how to receive their winnings - including bank transfer or even donate to your cause
- 8 We pay your raised funds directly into your nominated bank account

The maths...

100 tickets sold means

=£50.00 a week for your cause

=£2,600 a year for your cause
